SANGKHOM:

Somchai, a Thai church leader in Nongkhai has accepted to help us with the church in Sangkhom. He needs financial support. (\$300/mo)

Heaven going of Glah, one of the boys. This left us with a hefty funeral bill we need to cover. (\$1000)

Roon, our 95 year old grandmother, friend, no longer can eat and is losing weight rapidly. She is an absolute blessing to minister to.

NAKHON NAYOK:

Church is growing! New believers are becoming involved reaching others. Our older members are doing great at discipling. God is allowing us to witness spiritual and numerical growth. Sweet spirit.

Tim and Maureen:

Because of no firm base to work out of it was an extremely trying time back. Over and over, we were allowed to experience the Lord's grace.

Our car 2010 Honda Piolet, our security blanket when we return to States, motor & transmission replaced. OUCH!

Dr. appointments are about finished or will be caught up the end of July. Our return to Thailand is less than a month away.

FUNNY...NOT SO FUNNY:

Baan, a friend and member is a village leader. On the phone, wishing him a happy birthday ended with him showing us his nightly ritual. Chasing a herd of elephants out of the village.

NO QUIT!

Pray for fellow friend and fellow missionary Rick Salmon, cancer and kidney failure. Extremely effective missionary! It's a blessing to see him, serve even with these thorns in the flesh, and he is not quitting. Another friend Richard and Kristy Gay lost 2 kids in a car crash several years ago, but they didn't quit.

In Jesus Name thank you for your support both prayers and support!
