

Juan and Teté Alvarez

Missionaries in the Basque Country, Spain

January-February, 2026

Beloved Brothers and Sisters,

Receive, once again, a warm greeting from the Basque Country!

We are very grateful to our Lord for giving us the opportunity to begin another year serving Him in this place we love, which has become our home.

Church

In recent weeks, we have had several very encouraging opportunities to edify the church.

Recently, we held two Intensive Bible Institutes. The theme of Intensive Bible Institute No. 64 was "The Lord's Prayer." It was a very special time as we studied together Jesus' teaching on prayer and our relationship with our Heavenly Father. We were greatly encouraged to see around 70 brothers and sisters participate. The instructor was our brother Luis Colorado.

Shortly afterward, we held Intensive Bible Institute No. 65, in which we studied 1 Corinthians under the theme "Longing to Be Loving in the Face of the World's Threats." It was a very profitable study that helped us reflect on how to live with love and faithfulness to Christ amid the challenges of today's world. About 40 brothers and sisters participated on this occasion.

We also had a couples' meeting, which was a very edifying time of teaching, fellowship, and mutual encouragement for the families of the church.

Likewise, the ladies enjoyed a women's meeting, where they were able to spend time together and be strengthened through the Word.

We also held a special children's evangelism workshop, in which we trained others to reach children with the gospel. It is very encouraging to see the members of the church serving the Lord with willingness and love.

Teté continues teaching the women and faithfully serving the sisters of the church. As for me, I continue teaching a class called "Basic Doctrines," aimed especially at new believers, with the purpose of helping them become firmly grounded in the fundamental truths of the faith.

More News

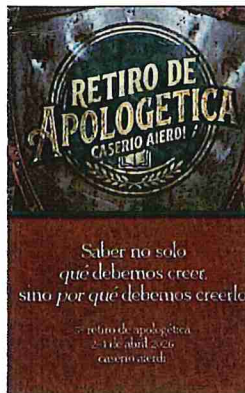

For more than 20 years, our church has supported the Estévez family, who have been faithfully serving the Lord for 30 years in Lagos de Moreno, Mexico. Our beloved church generously invited them to come to Spain so that we could get to know them and be a blessing and encouragement to the whole family.

A few days after their arrival, our brother Hermenegildo (Mene) began to feel unwell. We took him to the hospital, where he was diagnosed with a urinary tract infection; however, the tests also revealed a mass near one of his kidneys. A few days ago, a biopsy was performed to determine the nature of this mass.

We ask for your prayers for the Estévez family, that our Lord would give them peace and guidance as they make important decisions.

Teté had the opportunity to teach at a women's conference held in Valencia. Approximately 100 women were blessed by the Word of the Lord. The theme was "Rebuilding the Wall."

In a few weeks, we will be holding our 5th apologetics retreat in Aierdi. We all know that young people are facing an increasingly secular world. Our desire is to encourage and equip them to live out their faith with understanding, without being ashamed of being believers, and to be ready to lead others to the feet of our beloved Savior.

Thank you, beloved brothers and sisters, for your prayers and faithful support! It is a joy and a privilege to be His ambassadors and collaborators in Spain. For He is worthy,

Juan and Teté Alvarez
