What a Summer...

At times, summer seems like a distant memory. Looking back at the photos of camp and the many activities we have had I can not help but be reminded of how God worked in Open Door Teens. This fills me with great hope and anticipation of what is to come! Are you ready to be part of it?

Note from Pastor Ryan:

With the busyness of a new school year and the changes of routines and schedules, I want to thank you for making Open Door Teens a priority in your life. I know that God is going to bless your faithfulness.

I want to encourage you to keep taking faith steps and find opportunities to serve others this fall season. It is our great privilege to be used by God. Remember: we are recipients of God's grace serving recipients of God's grace. Let's serve Christ together.

...Ready for Fall!

All ready Open Door Teens has had a great start with the new school year season! With record attendance, new faces, new opportunities to serve and to grow in Christ. The next few months will be filled with incredible experiences. You don't want to miss it!
